**Subject: Request for Proposal - LPO/4A/510/20 – Queue Management Systems-
(PR#1100027648)**

K-Electric Limited caters to the city's 6,500 square kilometers and supplies electricity to all the industrial, commercial, agricultural and residential areas that come under its network. The organization has over 2.5 million customer accounts in Karachi, Dhabeji and Ghara in Sindh, and Hub, Uthal, Vindar and Bela in Balochistan.

KE is the only vertically-integrated power utility in Pakistan, which means it manages all three key stages - generation, transmission and distribution - of producing and delivering energy to the consumers. K-Electric is also one of the city's largest employers.

KE is looking to select a vendor who could provide QMS implementation at 30 IBCs
