

## MUHAMMAD KAMRAN KAMAL

HOUSE NO.12/A, STREET NO.28,  
SECTOR F6-1, ISLAMABAD

Mr. Kamran is the CEO of The Hub Power Company Limited, Pakistan's largest diversified Independent Power Producer with approximately 3,000 MW of installed capacity. He has over 20 years of experience working on various projects of national importance including the Sindh Engro Coal Mining Company's (SECMC) mining and power generation projects, China Power Hub Generation Company's imported Coal project with an integrated jetty, Thar Energy & Thal Nova local coal projects as well as leading a regional energy & agricultural commodities trading business. His interest now includes diversification of Pakistan's generation capacity with a focus on increasing renewables in the power generation mix and energy sector reforms to create a conducive investment climate.

Kamran has deep understanding of Pakistan's Power Market and regulatory affairs. He has previously served in various positions working with Government offices and ministries to represent the energy sector's interests and lead opportunities for engagement.

Kamran holds a Masters' degree in Public Policy from Harvard Kennedy School and a Bachelors' degree in Electrical & Computer Engineering from the Georgia Institute of Technology.
